

PART NUMBER: AQUABEAM XX XXXX

5	WATTAGE
10	
2700	KELVIN TEMPERATURE
3000	
5700	

Wattage	5 & 10
Lumens	350 & 700
Beam Spread	45°
Kelvin Temperature	2700, 3000, 5700
Operating Range	8-18 VAC/DC
IP	68
CRI	83
Lamp Life (hours)	50,000
Warranty (years)	5

DESCRIPTION:

The Brilliance LED AquaBeam was designed with high lumen and superior color rendition for the extremely wet or underwater applications. This integrated LED specialty fixture is made in the USA; it is fabricated of precision machined aluminum and is fully potted. The coating process allows for superior abrasion and corrosion resistance even in the harshest of environments. It has been tested in the harshest conditions for 100+ days.

FEATURES:

- Fully submersible application
- Can be installed indoor and outdoor
- Dimmable with most magnetic transformers
- The latest in CREE COB technology
- Fully potted electronics
- Abrasion and corrosion resistant
- Environmentally friendly & energy efficient

***Note:** Corrosive chemicals in the water of ponds and fountains as well as natural hard water and salt water could affect the appearance of the coating, but will not impact functionality of the product. For this reason, Brilliance LED makes no warranty or guarantee for change in appearance when this product is used in water, as it is designed to be used. **NOT for installation within 10 ft of swimming pool per NEC Article 411-2**
