

The Next Level: Lighting Controls, Timers and Occupancy Sensors

Get green dividends and distinguish your property by upgrading to electrical products that reduce energy consumption while adding ambiance, style and convenience. Our large lighting control selection offers dimmers for every type of lighting and a full line of fan speed controls. Occupancy sensors and timers turn lights on only when needed.

A Vizia +™ dimmer can set the mood and save energy.
Cat. No. VPI06

Occupancy sensors provide hands-free convenience.
Cat. No. PR180-1L

Timed control of exhaust fans and heat lamps.
Cat. No. 6230-M
