

ODC0S-I1W

Occupancy Sensor, 8'-10' ceiling mount, self contained. Passive infrared, 360 degree, time adjustment (20s-15m), 120V, CEC Title 20/24 compliant. Color: White

UPC Code : 078477881880

Country Of Origin : Please Contact Customer Service.

Leviton's self-contained passive infrared ceiling occupancy sensor is the cost-effective choice for commercial and institutional installations, where installation of the recessed ceiling unit is difficult, inconvenient or costly. Available in 120V, 220V and 277V versions, the ODC0S-I is ideal for storage areas, small bathrooms, copy rooms, mop/sink closets or small spaces without wall switches. The self-contained ceiling sensor does not require an external control unit for power or switching the load on and off. LED Ready.

Technical Information

Electrical Specifications

- Adjustment** : Manual
- Frequency** : 60Hz
- Manual Time Adjustment** : 20s-15m
- Voltage** : 120 VAC

Product Features

- Adjustment** : Manual
- Code Compliance** : California Title 24
- Color** : White
- Coverage (Sq.Ft.)** : 530
- Feature** : Self-Contained
- Input Voltage** : 120 Volt AC 60Hz
- Load Rating** : 1000W INC 1000VA FL
- Manual Time Adjustment** : 20s-15m
- Pattern Degrees** : 360
- Photo Cell** : Ambient Override ON

- Product Line** : ODC0S
- Sensor Technology** : Passive Infrared
- Sensor Type** : Ceiling Mount
- Standards and Certifications** : UL/CSA
- Technology** : Passive Infrared
- Warranty** : 5-Year Limited
