

PHILIPS

Metal Halide Lamp

Feature: Enclosed Luminaires Only

Watts: 150

Bulb: ED-17

Base: Med.

Product Number: 046677-35462-1

Ordering Code: MH150/U/M

ANSI Code/Ballast Ref.: M107/E

Package Quantity: 12

Description: †G, Clear

M.O.L. (in.): 5 7/16

L.C.L. (in.): 3 7/16

Rated Avg. Life Hrs.: 10,000

CRI: 65

CCT (K): 3700

† Heat Resisting Glass Bulb

Footnotes

- [Click here for specific product and ordering information on this lamp.](#)
- ANSI CODE RATING, E – Enclosed, O – Open, S – Open or Enclosed
- Rated average life is the life obtained, on the average, from large representative groups of lamps in laboratory tests under controlled conditions at 10 or more operating hours per start. It is based on survival of at least 50% of the lamps and allows for individual lamps or groups of lamps to vary considerably from the average. For lamps with a rated average life of 24,000 hours, life is based on survival of 67% of the lamps.
- Values for vertical operation of lamp.
- Approximate lumen output at 40% of lamp rated average life.
- Color characteristics may vary somewhat from one lamp type to another. Time should be allowed for the lamp to stabilize in color when it is turned on for the first time or if for any reason its operating position is changed. This may require several hours' operation, with more than one start. Lamp color and output may change temporarily if the lamp is subjected to excess vibration or shock. Lamp color characteristics may change after long accumulate operating time.
- Energy-saver retrofit for 175 watt, M107 ballast.
